Jack & Kathy Johnson
PO Box 1119
Belfair WA 98528

Dear Mr. & Mrs. Johnson:

Re: Water Permit No. **G2-28963**

We are pleased to let you know that your extension request on the above-referenced permit has been granted. Your new deadline to complete construction of your water system and submit a completed Construction Notice is **May 1, 2008**.

You have the right to appeal this Order to the Pollution Control Hearings Board. Pursuant to chapter 43.21B RCW, your appeal must be filed with the Pollution Control Hearings Board, and served on the Department of Ecology, within thirty (30) days of the date of your receipt of this document. To appeal this action or decision, your notice of appeal must contain a copy of the Ecology order, action or decision you are appealing.

Your appeal must be filed with:
Pollution Control Hearings Board
4224 - 6th Avenue SE, Rowe Six, Bldg. 2
P.O. Box 40903
Lacey, Washington 98504-0903

Your appeal must also be served on:
Department of Ecology
Appeals Coordinator
P.O. Box 47608
Olympia, Washington 98504-7608

For additional information on appeals: Environmental Hearings Office website:
<http://www.eho.wa.gov>.

If we can provide any further assistance, please contact our office at (360) 407-6300.

Sincerely,

Thomas Loranger
Water Resources Section Manager

Re: Ground Water Permit No. G2-28963

Dear Tina,

Per your letter dated May 5th 2006 I would like to request an extension on permit number G2-28963.

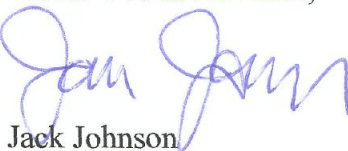

Since last asking for an extension we have been consulting with Davis Drilling; who has flow tested the existing well, measuring GPM's and drawdown. He has determined that the existing well has the quantity of water needed. We have not changed the pumps yet.

I have also been working with Mike Wnek, PE and Mike Davis with Davis Drilling on the water distribution lay-out for my 90 acre farm. We have a preliminary design for distribution.

I further have been researching what types of suitable crops to raise for production and monetary return. It has been determined that raising sod on a portion has merit, with other areas planted in Timothy grasses for usage as horse feed.

Because this process requires a large investment of time and money while the return in farming is low, it has been taking a slow path. The implementation of some of this work will begin this summer (2006) with an intended completion in the summer of 2007. I would like to request a two year extension so this can be accomplished.

Thank You in Advance,

Jack Johnson

Jack Johnson
PO Box 1119
Belfair WA 98528

Dear Mr. Johnson:

RE: Ground Water Permit No. G2-28963

We recently received a short note from you requesting an extension of your permit's construction schedule. This project was originally scheduled to begin construction by May 1, 2001 and has already been extended twice. We would consider another extension of your permit; however you have not supplied us with enough information to make a determination if your project is still viable.

Since state law (RCW 90.03.320) requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, your extension request must be made in writing and contain the following:

1. A description of efforts you have made to begin construction on the project since the permit issued or the last extension was granted.
2. A time schedule for the beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.

Please re-submit your request for an extension within **30 days** from receipt of this letter. Also, in April 2005, Governor Gregoire signed a new law increasing the fees for extending a water right development schedule. The law increasing fees and updating fee calculations went into effect July 25, 2005. The new fee for extensions is \$50 each time an applicant applies to extend the construction schedule. Please remit **\$50.00** to the Department of Ecology with your extension request. This office should be notified if you no longer intend to develop the project. If you have any questions or concerns about any of this information please contact this office at (360) 407-6300.

Sincerely,

Tina Russell
Water Resources

Re: Water Permit No. G2-28963

Attn: Thomas Loranger

Dear Thomas,

I would like to receive an extension on my water rights permit in order to complete the design and development of a well and irrigation system suitable for my farming needs. I have been working with engineers and hydro-geologists to design and implement a feasible and productive system to meet my needs. I would appreciate a two year extension (2008) to implement and complete this system.

Thank You in Advance,

Jack Johnson

Dear Mr. Johnson:

Re: Water Permit No. G2-28963

In compliance with your request, you are hereby granted an extension of time until **May 1, 2006**, in which you must begin construction and file notice of such action under the above permit.

This order may be appealed. Your appeal must be filed with the Pollution Control Hearings Board, PO Box 40903, Olympia, WA 98504-0903 within thirty (30) days of the date this Order was mailed by the Department of Ecology. At the same time a copy of your appeal must be sent to the Department of Ecology, c/o Water Resources Appeal Coordinator, PO Box 47600, Olympia, WA 98504-7600. Your appeal alone will not stay the effectiveness of this order. Stay requests must be submitted in accordance with RCW 43.21B.320. These procedures are consistent with Chapter 43.21B RCW.

If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or Teresa Hanson at (360) 407-0270.

Sincerely,

RE: Water Permit No. G2-28963

ATTN: Teresa Hanson

Dear Teresa,

Please grant an extension on my water rights permit. I have hired a hydro-geologist with Geo Engineers, Joel Purdy. Joel is working on developing a well site, irrigation plan, etc. I am investigating what crops to grow. Some of the delays are caused by the change of ranching, raising cattle to farming, raising crops. These take time and investment in different equipment, as well as, infrastructure. I would like an extension for approximately 4 years to complete these tasks.

Thank you in advance,

Regards,

Jack Johnson

PO Box 1119
Belfair WA 98528-1119

Dear Mr. Johnson:

Re: Water Permit No. G2-28963

On **October 15, 2001**, you were sent a letter reminding you of the need to file a Notice of Beginning of Construction or request an extension of time to begin construction on your projects. We have not received a response to that letter.

Please complete the enclosed Notice of Beginning of Construction forms if you have started construction on the water systems. If you have not begun construction, you may request an extension of time. **The request must be in writing and contain the following if you can show good cause why your permit should not be cancelled.**

1. A description of efforts you have made since the permits were issued or the last extension was granted to start construction.
2. An anticipated time schedule for beginning construction and completing development of the water systems.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the **\$16.00** extension fee made payable to Department of Ecology. This would bring you current to **May 1, 2002**.

If we do not receive either the completed forms or the request for extension with the extension fee **within sixty (60) days from receipt of this letter**, your permits will be canceled with no further contact.

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Teresa Hanson

Belfair WA 98528-1119

Dear Mr. Johnson:

Re: Water Permit No. G2-28963

The above referenced permit is currently in the Beginning of Construction stage of development. This letter is to remind you that the permit development schedule required that construction begin on the water system on or before **May 1, 2001**, and that you notify this office that construction had begun. Please complete the enclosed Notice of Beginning of Construction form and submit it to this office as soon as possible if you have begun construction on the water system.

If you have not begun construction and are still interested in developing your project, you may request an extension of time. Since state law requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, **your extension request must be made in writing and contain the following:**

1. A description of efforts you have made to begin construction on the project since the permit was issued or the last extension was granted.
2. A time schedule for beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extensions.
5. Check or money order for the \$16.00 extension fee made payable to the Department of Ecology. This would bring you current until **May 1, 2002**. Any payments of extension fees are non-refundable regardless whether the extension is granted.

Please submit the Notice of Beginning of Construction form or the request for an extension with the extension fee **within thirty (30) days** from the date of this letter. This office should be notified if you no longer intend to develop the project.

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Teresa Hanson
